

BIHAR STATE AIR QUALITY MANAGEMENT

Achievements

AQM COMMITTEE

Air Quality Monitoring Committee (AQMC) is formed to monitor the progress in implementation of city clean air action plans.

MONITORING

The state is in process of expanding Continuous Ambient Air Quality Monitoring Stations network by including additional 24 stations

STRATEGIC PARTNERSHIP

IIT-Delhi and IIT-Patna to provide scientific and strategic support for better air quality management in the State.

ENFORCEMENT

Strict enforcement of measures to curb action such as crop residue burning, operation of polluting industries, garbage burning, plying of 15 years old government vehicles, etc in the State.
